March 09, 2015

Attention: Mrs. Fischer

Subject: February 2015 Monthly Report

On the billing cycle ending on the 24th of February 27,013,000 million gallons of water were used by our consumers, an average of 844,000 thousand gallons was used per day.

On February 5, 2015 chlorine tank #2 was drained down to repair a small leak. New adapters and gaskets were replaced and the chlorine tank is currently in service. We will look into new and more chemical resistant tanks in the upcoming water treatment plant expansion. There were no water quality issues or violation as a result of this leakage.

There were no other issues in the water treatment plant for the month of February 2015.

If you have any questions, please contact Francisco Rodriguez at (760) 427-4685

Sincerely,

A handwritten signature in blue ink, appearing to read "Francisco Rodriguez".
