September 9, 2015

Attention: Mrs. Fischer

Subject: August 2015 Monthly Report

On the billing cycles ending on the 24th of August 41,282,000 gallons of water were used by our consumers, an average of 1,330,000 gallons was used per day.

On July 14, 2015 collected the 3rd quarter TTHM's samples and were sent to E.S. Babcock Laboratory for analysis. The results came in on July 30, 2015 and were below the maximum contaminant levels (MCL). Heber Public Utility District continues to be in Compliance.

On August 1, 2015 operator on call received a low chlorine alarm. Upon inspection operator noticed that the feed line to the chlorine analyzer had ruptured. The feed line was replaced and chlorine analyzer is now reading appropriately. There was no violation because of this incident.

If you have any questions, please contact me at (760) 427-4685

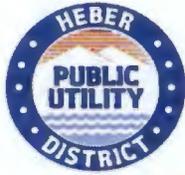

Sincerely,

A handwritten signature in blue ink, appearing to read "Francisco Rodriguez".
