

# Heber Public Utility District

## Report to the Board of Directors

Date: December 15, 2022  
From: Laura Fischer, General Manager  
Subject: General Managers Report to Board of Directors

---

### **HPUD ADMINISTRATION**

#### *HPUD Elections*

Congratulations to the OFFICIAL winners of the November 2022 election to the Heber Public Utility District Board of Directors. Tony Sandoval, Kaine Garcia and Delfino Matus!

This is my last General Manager's Report to the Heber Public Utility District Board of Directors. I want to thank you and every board member I have worked with at Heber PUD. I'm so grateful for the opportunity to learn from you, and help you, and the District's talented and amazing employees, make Heber a better place to live, work and play. I've worked at the District for 10 years I have enjoyed my time here. The Heber PUD Board of Directors should be very proud of the changes they have made to our community over the past ten years.

#### *HPUD Audit.*

Our audit will not be completed for the December meeting, there were delays getting the information to the auditors so there is no fault with the contract deadline and timeline with the auditors.

#### *HPUD employee appreciation Luncheon.*

This year our employee appreciation luncheon will be held on Wednesday, December 14<sup>th</sup> at 11am at the Rec Center. Email invitations to the Board have been sent.

#### *Christmas Tree Lighting Event*

This was a huge success. The tree and park looked great, the food and craft vendors had good sales, HPUD provided two trucks to help with Christmas caroling, and the Fire Department brought Santa to the park. Thank you to our supporters, AmeriCorp, El Toro, Proyecto Heber, and the Heber Fire Department.

### **HPUD OPERATIONS**

#### *Clarifier #1 at Water Plant*

This project is moving forward. West Tech is on site, they have made some repairs and will pour cement blocks before the holiday. They will be back before the first of the year to continue the repairs. They should be finished by the January meeting.

#### *Manhole Repair Project*

This project should be completed over the school's Christmas vacation.
