### CERTIFICATE of OWNERSHIP and AUTHORIZATION of OWNER DESIGNEE or TENANT

The information contained on this certificate is required in order for an Owner, Owner Designee or Tenant to order irrigation water from the Imperial Irrigation District (IID), and establishes who is directly obligated to pay for ordered water, where the ordered water can be used, who has certain rights, authority and obligations under any Equitable Distribution Program, and who will receive notice with respect to proposed changes in water rates. THE IID WILL RELY ON THE COMPLETENESS AND ACCURACY OF THE INFORMATION ON THIS WATER CERTIFICATE. IT IS YOUR OBLIGATION TO UPDATE THIS CERTIFICATE SHOULD ANY OF THE INFORMATION CHANGE. A Notice of Change to this certificate is available on the IID Web site at [www.iid.com](http://www.iid.com) and should be used whenever any change to the information occurs. Please note that regardless of how this certificate is completed; the Owner is always ultimately responsible for the payment of water delivered to property owned.

By signing the Certificate of Ownership and Authorization of Owner Designee or Tenant, the signatory expressly acknowledges that all water delivered will be untreated and is to be used solely for irrigation or other agricultural purposes. HUMAN CONSUMPTION IS ABSOLUTELY PROHIBITED. The signatory also expressly acknowledges that the right to order and receive water is subject at all times to IID's Rules and Regulations Governing the Distribution and Use of Water, including any Regulations for Equitable Distribution Program.

**Subject:** Follow-Up Regarding HPUD's Supplemental Water Bill

Good morning Laura,

I am providing information requested with respect to the supplemental water supply bill issued to HPUD for water supply received between July 2019 and June 2022 (3 years). The supplemental bill was for the cost difference between IID billed consumption and HPUD's actual water use as documented and forwarded to IID by HPUD.

IID issued the supplemental water bill consistent with HPUD's authorization for water service (attached) and the following regulation:

**IID Regulation No. 4 Responsibility of Service**

"Any water user whose application is accepted by the District and who is furnished with water service as provided in these regulations, becomes liable for payment under the appropriate rate schedule for all water service furnished by the District subsequent to the date stipulated on the authorization and until such time as the landowner makes the proper request to the District to cancel the authorization. In any case where two or more parties join in one authorization for service, such parties will be jointly and severally liable thereunder, and only one bill shall be rendered for service . . . ."

The period of time IID elected to retroactively collect for the cost difference in actual water use is three years, which is supported by California's statute of limitations of four years for a debt based on a written contract: Code of Civil Procedure § 337 which may be found here: [Law section \(ca.gov\)](#)

If you need anything else, please us know. IID's offer for a payment plan continues to be available to HPUD.

Best Regards,

*Justina Gamboa-Arce*

# HEBER PUBLIC UTILITY DISTRICT

## REPORT TO BOARD OF DIRECTORS

**MEETING DATE:** November 17, 2022

**FROM:** General Manager  
**Prepared by:** Adriana Amezcua, Finance Manager

**SUBJECT:** Approve a Budget Modification to the Water Fund to Include Payment of an Imperial Irrigation District Supplemental Water Supply Bill for Water Received Between July 2019 and June 2022

**ISSUE:**

Shall the Board of Directors authorize a budget modification to include a supplemental water supply bill for Raw Water Purchase?

**GENERAL MANAGER'S RECOMMENDATION:**

It is recommended that the Board of Directors approve the budget modification as presented.

**FISCAL IMPACT:**

Increase to Raw Water Purchase in Water Fund in an amount not to exceed \$21,080.48.

**BACKGROUND:**

HPUD received an invoice from IID for the Supplemental Water Supply for water received between July 2019 and June 2022 in the amount of \$21,080.48. This is for supplemental water that HPUD used from July 2019 through June 2022, which is a three-year period.

The current budget for raw water purchase is \$16,800 for FY 2022-2023. Staff anticipates that the cost for raw water will increase about \$600 per month starting June 2022. This amount will be included in the FY 2023-24 budget analysis. However, the financial impact to pay the increase for the past three years will be included in the FY 2022-23 budget and will result in a 125% increase in raw water cost.

**CONCLUSION:**

As the HPUD has used agreed that the raw water was used by HPUD and that our water purchase will increase, it is recommended that the Board approve the budget modification to include these changes.

**ALTERNATIVES:**

- 1) Do not authorize the budget modification.
- 2) Direct staff to made changes to the recommended budget modification.
- 3) Provide alternate direction to staff.

Respectfully Submitted,  
Laura Fischer, General Manager
