Attention: Madeline
General Manager

Subject: September 2023 Monthly Report

On the billing cycles ending on the 23rd of September, 34,405,000 gallons of water were used by our consumers, an average of 1,146,000 gallons was used per day.

On September 20, 2023 collected third quarter TTHM's samples and were sent to Clinical Lab of San Bernardino for analysis. The results came in on October 3, 2023 and were below the maximum contaminant level (MCL) for the both sites. The running annual average (RAA) MCL for TTHM's is 80 parts per billion (ppb) and for the month of September of 2023 we attained a RAA of 62 ppb for the Mc Cabe Cove site and 45 ppb for the Little Field site. Heber Public Utility District is in compliance with State and Federal water regulations.

If you have any questions, please contact me at (760) 427-4685

Sincerely,
