

Heber Public Utility District Waste Management and Recycling Program

Current Commercial and Residential Waste Management Laws in California

-  **AB 341:** Mandatory commercial recycling & a statewide diversion goal by 2020. AB341 requires all commercial properties generating over 4 cubic yards of waste per week to have recycling service. This includes any multi-family properties over 5 units.
-  **AB 1826:** Mandatory commercial organic recycling & a statewide diversion goal by 2020. AB 1826 requires all commercial properties generating over 2 cubic yards of waste per week to have an organic service. This includes any multi-family properties over 5 units.
-  **SB 1383:** Starting January 1, 2022, all residential, commercial, and multi-family properties will be required to recycle food and organic wastes at their properties. Tier 1 and Tier 2 generators will be required to donate their edible food to food banks, etc.
-  **AB 827:** Requires all commercial properties that serve food to have access to a 3-stream (Trash/Recycle/Organics) system to allow proper sorting by customers

How does SB 1383 compliance requirements impact Heber and how does CR&R provide support with compliance?

- CR&R will provide a Residential Food Waste Diversion Program to the residents of Heber. Food waste is now required to be placed in the green / organic cart in residential single family and multi-family properties in Heber. Carts will be labeled to accept food waste.
- CR&R will also provide a commercial and multi-family organic material collection program, including food waste collection.

What Materials Can I Place In My Organics Cart?

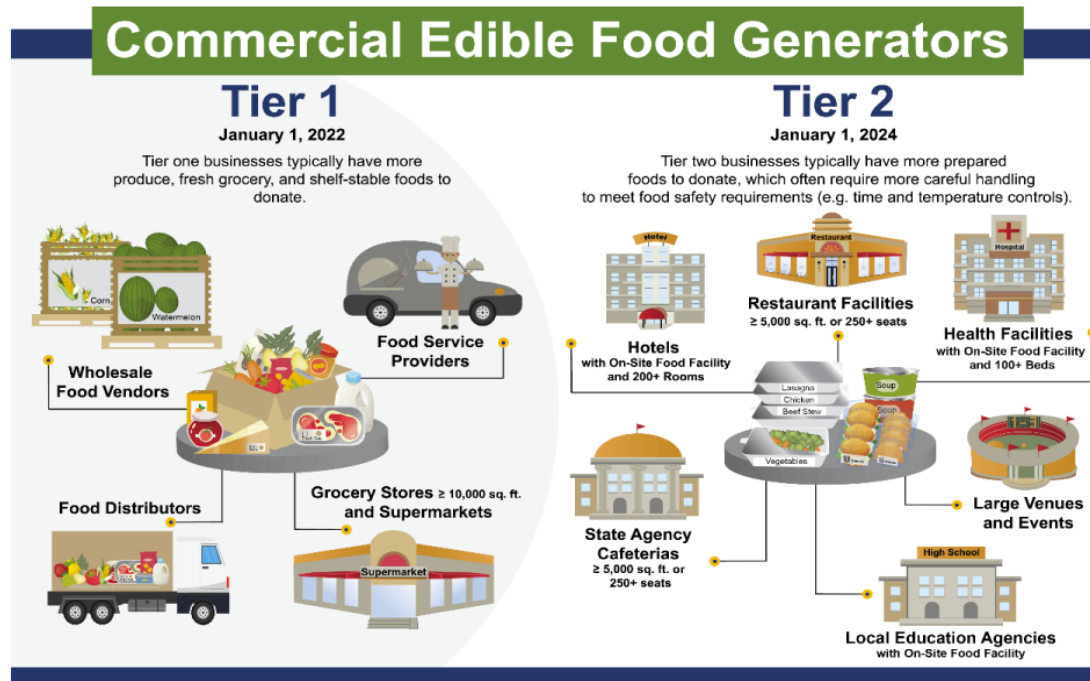

How does SB 1383 compliance requirements impact Heber and how does CR&R provide support with compliance? (cont.)
