New Changes to Brown Act in 2023

Governor Gavin Newsom recently announced that the COVID-19-related state of emergency proclaimed back in March 2020 would come to an end, terminating at the end of February 2023. Now, with the state of emergency ending, any current initiatives relying on the active state of emergency for their operation will cease to remain in effect. **Importantly, this will include local agencies who transition to remote meetings using the framework enacted by the passage of [Assembly Bill 361 \(R. Rivas, 2021\)](#) Bill Text - AB-361 Open meetings: state and local agencies: teleconferences.; after February 28, 2023 these agencies will no longer be able to cite the COVID-19 state of emergency as the basis for their AB 361 resolutions**, meaning that these agencies will be required to hold in-person meetings, remote meetings under the typical procedures (i.e., the procedures as they generally existed before the pandemic), or, after January 1, 2023, they may opt to use the procedures created by [Assembly Bill 2449 \(Rubio, 2022\)](#). While the provisions of AB 361 themselves technically remain in law until the end of 2023, those provisions require an active state of emergency for their operations.

Concerned of Cost Burdens, NSDC Opposes Federal Uniform Financial Reporting Mandate

The National Special Districts Coalition (NSDC), of which CSDA is a founding member, opposes federal legislation that would standardize local agencies' federal financial reporting requirements, potentially posing an unnecessary, costly mandate on special districts and other local agencies issuing bonds and holding investments.

Heber Public Utility District

BOARD OF DIRECTORS

MEETING DATE: January 19, 2023
FROM: Madeline Dessert, General Manager
PREPARED BY: Moises Cardenas, Office Manager
SUBJECT: Adopt Resolution Number 2023-01

ISSUE:

Shall the Heber Public Utility Board of Directors adopt Resolution 2023-01 proclaiming a local emergency, ratifying the proclamation of a State of Emergency by Proclamation Dated March 4, 2021 and authorizing remote teleconference meetings of the Heber Public Utility District Board of Directors for the period of thirty days pursuant to Brown Act Provisions?

GENERAL MANAGER RECOMMENDATION:

Adopt Resolution 2023-01 proclaiming a local emergency, ratifying the proclamation of a State of Emergency by Proclamation Dated March 4, 2021 and authorizing remote teleconference meetings of the Heber Public Utility District Board of Directors for the period of thirty days pursuant to Brown Act Provisions.

FISCAL IMPACT:

NONE.

DISCUSSION: Important information regarding teleconferencing meetings:

Governor Gavin Newsom recently announced that the COVID-19 state of emergency enacted back in March 2020 would be coming to an end in February 2023, **January 2023 will be the last time that this Resolution will be able to be adopted.** With the state of emergency ending, this means that HPUD will no longer be able to use COVID-19 as the emergency dedicated to AB 361.

However, Governor Newsom signed AB 2449 into law which provides complex and restrictive alternative teleconference procedures.

- A quorum of the members of the legislative body must participate in person from a singular physical location identified on the agenda, which location will be open to the public and within the boundaries of the local agency.
- A member may only teleconference for public disclosed "just cause" or in "emergency situations" approved by the legislative body; and
- A member may only teleconference for no more than 3 consecutive months or 20% of the regular meetings within a calendar year

January 2023 will be the last time that the Resolution for Teleconferencing meetings will be available.

BACKGROUND:

On October 20, 2022 the Heber Public Utility District adopted Resolution 2022-17 proclaiming a local emergency, ratifying the proclamation of a State of Emergency and authorizing remote teleconference meetings of the Heber PUD Board of Directors for a period of 30 days pursuant to Brown Act Provisions.

AB 361 was signed into law by the Governor on September 16, 2021, and went into effect immediately. It amends the Brown Act to allow local legislative bodies to continue using teleconferencing and virtual meeting technology after the September 30, 2021, expiration of the current Brown act exemptions as long as there is a "proclaimed state of emergency" by the Governor. This allowance also depends on state or local officials imposing or recommending measures that promote social distancing or a legislative body finding that meeting in person would present an imminent safety risk to attendees. Though adopted in the context of the pandemic, AB 361 will allow for virtual meetings during other proclaimed emergencies, such as earthquakes or wildfires, where physical attendance may present a risk.

AB 361 requires the following:

- public agencies to make findings by majority vote within 30 days of the first teleconferenced meeting under AB 361 and every 30 days thereafter that a state of emergency still exists and continues to directly impact the ability of the members to meet safely in person, or that officials continue to impose or recommend measures to promote social distancing;
- a public comment period where the public can address the legislative body directly;
- prohibits councils and boards from limiting public comments to only comments submitted in advance and specifies that the legislative body "must provide an opportunity for the public to ... offer comment in real time." (Government Code 54953(e)(2)(E));
- the legislative body must allow a reasonable time for public comment during the comment periods;
- The agenda must include information on the manner in which the public may access the meeting and provide comments remotely;
- if technical problems arise that result in the public's access being disrupted, the legislative body may not take any vote or other official action until the technical disruption is corrected and public access is restored.

AB 361 will sunset on January 1, 2024.

CONCLUSION:

In light of AB 361, the continuing COVID-19 State of Emergency declared by the Governor, the continuing recommendations by the County of Imperial Public Health Services of social distancing as a mechanism for preventing the spread of COVID-19, and the continued threats to health and safety posed by indoor public meetings with large attendance, staff recommends the Board adopt the proposed Resolution making the findings required to initially invoke AB 361.

Although the Imperial County adopted new guidelines for indoor masking for both vaccinated and

unvaccinated persons, they still strongly recommend that all persons wear mask indoors. The procedures currently set up for Heber Board meetings, which provide public attendance and comment through a call-in or internet-based service option, satisfy the requirements of AB 361. Continued reliance will require the Board to adopt a new resolution making required findings every 30 days.

ALTERNATIVES:

1. Do not Adopt Resolution 2023-01 which will require that all Board members attend the Heber Public Utility District Board meeting in person, and that the public will not have remote teleconference access. This would be in effect starting at the February 16, 2023 Board meeting.
2. Provide alternative direction to staff.

Respectfully Submitted,

Madeline Dessert, General Manager
