FINANCIAL SECTION

INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Heber Public Utility District
Heber, California

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Heber Public Utility District as of and for the year ended June 30, 2008, which collectively comprise the District's basic financial statements as listed in the table of contents. The financial statements are the responsibility of the Heber Public Utility District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Heber Public Utility District as of June 30, 2008, and the respective changes in financial position and the cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 29, 2009 on our consideration of the Heber Public Utility District internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audits.

The Management's Discussion and Analysis on pages 5 through 11 and budgetary comparison information on pages 39 through 44 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consist primarily of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Hutchinson and Bloodgood LLP

May 29, 2009

**Heber Public Utility District
Management's Discussion and Analysis
For the Year Ended June 30, 2008**

The discussion and analysis of the financial performance of Heber Public Utility District provides an overview of the District's financial activities for the year ended June 30, 2008. The intent of this discussion and analysis is to look at the District's financial performance as a whole; users of these financial statements should read this discussion and analysis of this report and the District's basic financial statements following this section to enhance their understanding of the District's financial performance.

FINANCIAL HIGHLIGHTS

- The assets of the District exceeded its liabilities at the close of the 2007-2008 fiscal year by \$19,068,984 (*Net Assets*). Of those net assets, \$913,184 are unrestricted. Total Restricted Net Assets for the District is \$18,155,800.
- As of June 30, 2008, the District's governmental funds reported total ending fund balances of \$473,760, a decrease of \$3,327,210 in comparison with the prior year.
- At the end of the current fiscal year, unreserved fund balance for the General Fund is \$44,695 or 23% of total General Fund expenditures.
- At the end of the current fiscal year, the Business Type Activities assets exceeded its liabilities by \$15,720,436, an increase of \$2,987,955 from the prior year. Current year increase includes capital contributions of \$3,317,297.
- The District's total long-term debt decreased by the amount of \$59,074 in comparison with the prior year. The decrease is the result of the District's payments to USDA for the Certificates of Participation loans that financed the water plant, water distribution and wastewater collection system projects.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. These statements are organized so that readers can understand the Heber Public Utility District as a financial whole or as an entire operating entity. The District's basic financial statements are comprised of three components: 1) Government-wide financial statements; 2) Fund financial statements; and 3) Notes to the financial statements. This report also contains other supplementary information in addition to the financial statements themselves.

1. Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The Statement of Net Assets presents information on all of the District's assets and liabilities, with the difference between the two reported as net assets. Over time, increases and decreases in net assets may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

**Heber Public Utility District
Management's Discussion and Analysis
For the Year Ended June 30, 2008**

The Statement of Activities presents information showing how the District's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event takes place regardless of when cash is received or paid. Thus, some revenues and expenses reported in this statement are for some items that will only result in cash inflows and outflows in future fiscal years. Both the Statement of Net Assets and the Statement of Activities distinguishes between activities that are primarily financed with taxes and intergovernmental revenues (governmental activities) and those that are intended to recover all or a significant portion of their costs through user fees and charges for services (business-type activities). The District's governmental activities include general government, parks/retention basins. The business-type activities of the District include the operation of the Water, Wastewater plant and Solid Waste (Trash).

The government-wide financial statements are presented on pages 12 and 13 of this report.

2. Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds - not the District as a whole. A fund is a fiscal and accounting entity designated to report information about groupings of related accounts which are used to maintain control over resources that have been segregated for specific activities or attaining certain objectives in accordance with specific regulations, restrictions, or limitations. All of the District's funds can be divided into three categories: governmental funds, business type funds and agency funds.

Governmental funds are used to account for activities that are similar in nature to the governmental activities in the government-wide financial statements. However, unlike the government wide financial statements, the governmental fund financial statements focus on near-term inflows and outflows of resources at the end of the fiscal year. Such information may be used in evaluating the District's near-term financing requirements and available resources.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. This will allow readers to get a better understanding of the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The basic governmental fund financial statements are presented on pages 14 and 16 of this report.

Proprietary funds are reported as enterprise funds. Enterprise funds are reported as functions presented as business-type activities in the government-wide financial statements. The District uses enterprise funds to account for the Water, Sewer and Solid Waste (Trash) operations.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water, Sewer and Solid waste operations and are considered to be major funds of the District.

The basic proprietary financial statements are presented on pages 18 to 20 of this report.

Agency Funds are reported as fiduciary funds and are used to account for assets held on behalf of outside parties. Financial information for the fiduciary funds is not reported in the government-wide financial statements because the resources of these funds are not available to support the District's programs.

The basic agency fund statement of assets and liabilities is presented on page 21.

**Heber Public Utility District
Management's Discussion and Analysis
For the Year Ended June 30, 2008**

3. Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in both government-wide and fund financial statements.

The notes to the financial statements are presented on pages 22 to 37 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the District, assets exceeded liabilities by \$19,068,984 (see Table 1) at the close of the current fiscal year.

The portion of the District's net assets reflects unrestricted net assets of \$913,184. Investment in capital assets (e.g., infrastructures, improvements, and construction in progress); less any related outstanding debt used to acquire those assets is \$17,740,662. The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the District's net assets represents resources that are subject to external restrictions on how they may be used and amounts to \$415,138. The portion of the restricted net assets is the aggregate amount for repairs, replacement, maintenance and debt service reserves.

At the end of the current fiscal year, the District as a whole and for its governmental and business type activities reported positive balances in net assets.

Governmental Activities

Governmental activities decreased the District's net assets by \$1,808,429 for the year ended June 30, 2008, thereby accounting for a 7% of the total change in the net assets of the District.

- The 3 MGD treated water reservoir was completed during the current fiscal year for a total of \$3,317,297. The project was funded with water and wastewater capacity service fees.
- Water and wastewater capacity service fees related to new homes being constructed totaled \$440,000 representing 19% of the District's program revenue for governmental activities.

**Heber Public Utility District
Management's Discussion and Analysis
For the Year Ended June 30, 2008**

Business-type Activities

The Business-type activities change in net assets is \$2,987,955.

- Depreciation expense for business type activities amounted to \$568,808 for the fiscal year.
- Revenues for service charges amounted to \$1,936,943.
- Capital assets were contributed to the water fund from the water capital projects for a sum of \$3,317,297. The capital assets consisted of the 3 MGD treated water reservoir.

Governmental Funds

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At June 30, 2008, The District's governmental funds reported total fund balances of \$473,760, an 87% decrease with the prior year. The unreserved fund balance, which is available to meet the District's future capital projects and future obligations, is \$820,546. The remaining portion of the fund balance has been committed to 1) to pay debt service and 2) for capital projects.

The District's management may also designate unreserved fund balance to a particular function, project, or activity. However, designated fund balance is available for appropriations at any time.

Revenues for governmental functions totaled \$1,032,933 at June 30, 2008. Expenditures for government functions totaled \$4,652,792 at June 30, 2008.

Proprietary Funds

The proprietary fund provides similar information to the government-wide financial statements, but in more detail.

Agency Funds

The agency funds maintain assets held in an agent capacity for other governments, organizations and individuals. The district is acting as an agent for the Heber Public Utility District Community Facilities District No. 2005-1 by making the payments to the bondholders from the property taxes collected by the County of Imperial.

**Heber Public Utility District
Management's Discussion and Analysis
For the Year Ended June 30, 2008**

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

As of June 30, 2008, the District's investment in capital assets for its governmental and business-type activities amounted to \$20,108,343 (net of accumulated depreciation). The investments in capital assets are comprised of land, infrastructure, structures and improvements, furniture and equipment, vehicles, and construction in progress. The District, according to GASB 34 guidelines, has elected retroactively to include all infrastructure assets.

Table 3 -The District's Capital Assets (Net of accumulated depreciation)

	2008 Total Fixed Assets	2007 Total Fixed Assets
Land	\$ 1,021,143	\$ 219,031
Infrastructure & Improvements	18,808,533	15,258,254
Furniture and Equipment	<u>278,667</u>	<u>200,424</u>
Total	<u>\$ 20,108,343</u>	<u>\$ 15,677,709</u>

The major capital events during the current fiscal year include the following:

- The completion of the 3 MGD treated water reservoir.

Long-Term Debt

At the end of the current fiscal year, the District had total long-term debt outstanding of \$2,367,678 which is described in the table below.

Table 4 - The District's Outstanding Debt

	2008	2007
1968 Sewer Bonds	\$ 6,000	\$ 12,000
1972 Water Bonds	18,000	23,000

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
Fiscal Year Ended June 30, 2008**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - governmental funds \$ (3,327,091)

Capital assets used in governmental funds report capital outlays as expenditures. However, in the statement of activities, assets with an initial, individual cost of more than \$5,000 are capitalized and the cost is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlay in the current period.

Finished Capital Project	(3,317,297)	
Donated land	802,112	
Depreciation expense	(21,141)	
Note receivable	(5,927)

HEBER PUBLIC UTILITY DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS June 30, 2008

NOTE 1. THE FINANCIAL REPORTING ENTITY

The financial statements of the Heber Public Utility District (The "District") have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below:

Reporting Entity

The financial statements of the Heber Public Utility District include the financial activities of the District and the Heber Public Utility Financing Corporation (HPUFC).

The criteria used in determining the scope of the reporting entity are based on the provisions of GASB Statement 14. The Heber Public Utility District is the primary government unit. Component units are those entities which are financially accountable to the primary government, either because the District appoints a voting majority of the component unit's Board, or because the component unit will provide a financial benefit or impose a financial burden on the District. The District has accounted for the HPUFC as a component unit. Despite being legally separate, the HPUFC is so intertwined with the District that it is in substance, part of the District's operations. Accordingly, the balances and transactions of the HPUFC are reported as part of the related enterprise funds.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

Government-wide Financial Statements

The statement of net assets and statement of activities display information about the primary government (the District) and its component unit. These statements include the financial activities of the overall government, except for fiduciary activities. The District has one component unit, Heber Public Financing Corporation (HPUFC). However, HPUFC is for all purposes indistinguishable from the District's enterprise fund activities and have been integrated into the Water Fund. Governmental activities, which normally are supported by taxes are reported separately from business-type activities, which rely, to a significant extent on fees charged to external parties.

HEBER PUBLIC UTILITY DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2008

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation (Continued)

Government-wide Financial Statements (Continued)

The statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and therefore are clearly identifiable to a particular function. Program revenues include 1) charges paid by the recipients of goods or services offered by the programs and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented instead as general revenues.

When both restricted and unrestricted net assets are available, restricted resources are used only after the unrestricted resources are depleted.

Fund Financial Statements

The fund financial statements provide information about the District's funds, including fiduciary funds. Separate statements for each fund category – *governmental, proprietary and fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds; each displayed in a separate column. All remaining governmental and enterprise funds are separately aggregated and reported as non-major funds.

Proprietary funds distinguish *operating* revenues, such as charges for services, results from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. *Non-operating* revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

The funds of the financial reporting entity are as follows:

Governmental Fund Types

- The *General Fund* is the primary operating fund of the district and always classified as a major fund. The fund is used to account for all activities except those legally or administratively required to be accounted for in other funds.
- The *Special Revenue Funds* are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes, other than capital projects. The district has three Special Revenue Funds: Parks and Recreation Fund, Water Capacity Fund, and Wastewater Capacity Fund. The Water and Wastewater Capacity Funds are classified as major funds.

HEBER PUBLIC UTILITY DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2008

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation (Continued)

Fund Financial Statements (Continued)

Governmental Fund Types (Continued)

- The *Capital Project Funds* are used to account for resources restricted for the acquisition or construction of major capital improvements, other than those financed by revenues accounted for in other funds. The District has two Capital Project Funds: Water Capital Projects and Wastewater Capital Projects. The Water Capital Projects Fund is classified as a major fund.
- The *Debt Service Fund* is used for the purpose of accumulating resources for the payment of interest and current principal on long-term general obligation debt of the governmental funds.

Proprietary Fund Types

- The *Enterprise Funds* are used to account for operations that are financed and operated in a manner similar to private enterprises where the intent of the governing body is that the costs of providing goods and services to the public on a continuing basis be financed or recovered primarily through user charges.

Agency Fund

- Agency funds are custodial in nature and do not involve measurement of results of operations and account for assets held by the District as an agent for Heber Public Utility District Community Facilities District No. 2005-1 by making payments to bondholders from property taxes collected by the County of Imperial.

Measurement Focus and Basis of Accounting

Measurement Focus

On the government-wide Statement of Net Assets and Statement of Activities, both governmental and business-like activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are determination of operating income, changes in net assets, financial position, and cash flows. All assets and liabilities associated with their activities are reported.

The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Each major fund is aggregated and presented in a single column. In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement is used as appropriate.

HEBER PUBLIC UTILITY DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2008

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus and Basis of Accounting (Continued)

Measurement Focus (Continued)

The "current financial resources" measurement focus is utilized by all governmental funds. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period.

Proprietary funds utilize the "economic resources" measurement focus. The accounting objectives of this measurement focus are determination of operating income, changes in net assets, financial position, and cash flows. All assets and liabilities associated with their activities are reported. Proprietary fund equity is classified as net assets.

Fiduciary funds are used to account for assets held in a trustee or agency capacity and cannot be used to support the District's own programs. Agency funds report only assets and liabilities and therefore, do not have a measurement focus; however, agency funds use the accrual basis of accounting to recognize receivables and payables.

Basis of Accounting

The government-wide proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property and sales taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from sales tax are recognized when the underlying transactions take place. Revenues from grants, entitlements and donations are recognized in the fiscal year in which all eligible requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Property and sales taxes, interest, certain state and federal grants, and charges for services are accrued when their receipt occurs within sixty days after the end of the accounting period so as to be both measurable and available. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures as well as expenditures related to claims and judgments are recorded only when payment is due. General capital assets acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and capital leases are reported as other financing sources.

HEBER PUBLIC UTILITY DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2008

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus and Basis of Accounting (Continued)

***Basis of Accounting* (Continued)**

For its business-type activities and enterprise funds, the District has elected under GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, to apply all applicable GASB pronouncements as well as any applicable pronouncements of the Financial Accounting Standards Board, the Accounting Principles Board or any Accounting Research Bulletins issued on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements (Statements and Interpretations), constitutes (GAAP) for governments units.

Budgets

Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Annual appropriation budgets are adopted for the general and special revenue funds. All annual appropriations lapse at fiscal year end.

Cash and Investments

Cash includes amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the government.

State statutes authorize the government to invest in obligations of the U.S. Treasury Commercial paper, corporate bonds and repurchase agreements.

Investments are stated at cost or amortized cost. If market values decline below cost, no loss is recorded as such declines are considered temporary. The District's policy is to hold investments until maturity or until market values equal or exceed cost. However, if the liquidity needs of the District were to require that investments be sold at a loss subsequent to year end, the decline in value would be recorded as a loss at year end.

Interfund Receivables/Payables

During the course of operations, numerous transactions occur between individual fund for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the balance sheet.

Interfund Transactions

Quasi-external transactions are accounted for as revenues, expenditures, or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

HEBER PUBLIC UTILITY DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2008

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Interfund Transactions (Continued)

All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers. Nonrecurring or non-routine permanent transfers of equity are reported as equity transfers. All other interfund transfers are reported as operating transfers.

Property, Plant and Equipment

Capital assets, including infrastructure, are recorded at historical cost or at estimated historical cost if actual historical cost is not available. Contributed fixed assets are valued at their estimated fair market value on the date contributed. Capital assets include public domain (infrastructure) general fixed assets, which consist of certain improvements including roads, bridges, pavements in progress, and right of way. The District defines capital assets as assets with initial, individual costs of more than \$5,000 and an estimated useful life in excess of one year. Capital assets used in operations are depreciated or amortized (assets under capital leases) using the straight-line method over the lesser of the capital lease period or their estimated useful lives in the government-wide statements and proprietary funds.

Maintenance and repairs are charged to operations when incurred. Betterments and major improvements which significantly increase values, change capacities or extend useful lives are capitalized. Upon sale or retirement of fixed assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

The estimated useful lives are as follows:

Buildings	40 - 45 years
Improvements	Additional life of asset
Machinery and Equipment	5 - 15 years
Office Furniture	5 - 7 years
Vehicles	5 years
Infrastructure	5 - 45 years

Depreciation of all exhaustible fixed assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is netted against the historical cost of the fixed asset on proprietary fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method.

The estimated useful lives are as follows:

Machinery and equipment	5 - 10 years
Water and Wastewater Plant	30 years

HEBER PUBLIC UTILITY DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2008

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Compensated Absences

In government fund types, compensated absences that are expected to be liquidated with expendable available financial resources are recorded as an expenditure and a fund liability of the governmental fund that will pay it. The balance of unpaid vacation and compensatory time at June 30, 2008 is recorded in the current payroll liabilities account group in the General, Park, Water, Wastewater and Solid Waste Fund as these amounts will be liquidated from future resources rather than expendable available financial resources. Unpaid compensated absences in proprietary fund types are recorded as a liability in those funds as vested benefits to the employees.

Long-Term Obligations

Long-term liabilities expected to be financed from governmental fund and proprietary fund operations are accounted for in those funds.

Fund Equity

Reserves represent those portions of fund equity not appropriable for expenditures or legally segregated for a specific future use. Designated fund balances represent tentative plans for future use of financial resources.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 3. CASH AND INVESTMENTS

The District follows the practice of pooling cash and investments of all funds except for amounts with fiscal agents and amounts in the deferred compensation plan. Each fund type's portion of this pool is displayed on the combined balance sheet as "Cash and Investments."

Interest income earned on pooled cash, certificates of deposit and investments is allocated annually to the various funds based on month-end cash and investment balances. Interest income from cash and investments of funds excluded from pooled cash is credited directly to the related fund.

HEBER PUBLIC UTILITY DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2008

NOTE 3. CASH AND INVESTMENTS (Continued)

Deposits

The District's deposits at year-end are categorized as follows to give an indication of the level of credit risk assumed by the District at year-end.

Category 1 - Deposits which are insured by the FDIC.

Category 2 - Deposits which are collateralized. The California Government Code requires California banks and savings and loan associations to secure a District's deposits by pledging government securities with a value of 110% of a District's deposits. California law also allows financial institutions to secure District deposits by pledging first trust deed mortgage notes having a value of 150% of a District's total deposits. The District Treasurer may waive the collateral requirement for deposits which are fully insured up to \$250,000 by the FDIC. The collateral for deposits in Federal and state chartered banks is held in safekeeping by an authorized Agent of Depository recognized by the State of California Department of Banking. The collateral for deposits with savings and loan associations is generally held in safekeeping by the Federal Home Loan Bank in San Francisco, California as a third-party trustee. These securities are physically held in an undivided pool for all California public agency depositors. Under government Code Section 53655, the placement of securities by a bank or savings and loan with an "Agent of Depository" has the effect of perfecting the security interest in the name of the local government agency. Accordingly, all collateral held by California Agents of Depository are considered to be held for, and in the name of, the local government agency.

Category 3 - Deposits which are uninsured or uncollateralized.

HEBER PUBLIC UTILITY DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2008

NOTE 3. CASH AND INVESTMENTS (Continued)

County Treasury

The cash held by the Imperial County Treasury can only be used to pay the principal and interest due for the 1968 sewer bonds and the 1972 water bonds. The terms of the BEIF Construction and Transition Assistance Grant Agreement, which funded in part the wastewater expansion project, required that the District establish and fund Operations and Maintenance Reserve (OMR), Repair and Replacement Reserve (RRR), and Debt Service Reserve (DSR) accounts. These funds are required to be deposited in interest bearing accounts and are restricted for such use.

Deposits and investments were categorized as follows as of June 30, 2008:

	<u>Category</u>			<u>Bank Balances</u>	<u>Carrying Amount</u>
	<u>1</u>	<u>2</u>	<u>3</u>		
Deposits					
Cash In County Treasury	\$ 15,932	\$ --	\$ --	\$ 15,711	\$ 15,932
Demand deposits	<u>1,904,335</u>	<u>--</u>	<u>--</u>	<u>1,904,335</u>	<u>1,904,335</u>
	<u>\$1,920,267</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$ 1,920,046</u>	<u>\$1,920,267</u>

Cash and investments are reported as follows on the Statement of Net Assets
Cash and investments \$1,920,267

At June 30, 2008, the carrying amount of the Districts cash deposits in various financial institutions amounted to \$1,920,046. Of the bank balance, \$250,000 was covered by the federal depository insurance.

Reserve Cash Accounts

Due to contract conditions from grantors, the district maintains the following reserve bank balances of certain funds received only to be used for certain purposes in the water fund and wastewater fund.

At June 30, 2008, the reserve bank accounts are as follows:

Water Fund:	2008
System repair & replacement	\$ 101,437
System operation & maintenance	56,757
System debt service	<u>55,773</u>
Total water reserve accounts	<u>\$ 213,967</u>
Wastewater Fund:	
System repair & replacement	\$ 104,596
System operations & maintenance	33,499
System capital improvement & debt retirement	<u>63,075</u>
Total wastewater reserve accounts	<u>\$ 201,170</u>

HEBER PUBLIC UTILITY DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2008

NOTE 4. PROPERTY TAXES

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on July 1 and are payable in two installments due on November 1 and delinquent if paid after December 10 and February 1 and delinquent if paid after April 10. Property taxes are collected by the County of Imperial and distributed to the District in installments during the fiscal year. District property tax revenues are recognized when received.

NOTE 5. CAPITAL ASSETS

Capital assets activity for the year ended June 30, 2008 was as follows:

	<u>Balance</u> <u>June 30, 2007</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance</u> <u>June 30, 2008</u>

June 30, 2008

NOTE 5. CAPITAL ASSETS (CONTINUED)

Depreciation

Depreciation expense was charged to functions as follows:

Governmental Activities

General Government	<u>\$ 21,140</u>
--------------------	------------------

Business-type Activities

Water	\$ 263,412
Wastewater	302,890
Solid Waste	<u>2,506</u>
	<u>\$ 568,808</u>

NOTE 6. LEASES

The district has an operating lease on a copier/scanner/printer rented from Océ Financial Services, Inc. The terms of the contract are 60 monthly payments of \$239 beginning January 2008. The following are the future payments the District will make.

Year:	Payments:
2008/2009	\$ 2,868
2009/2010	2,868
2011	<u>1,434</u>
Total:	<u>\$ 7,170</u>

NOTE 7. LONG-TERM DEBT

Debts to be repaid solely by ad valorem taxes are categorized as long-term liabilities of the general government. Debt instruments, such as the Certificate of Participation loans, that call for the payment of both principal and interest to be secured by the fees for services collected by the enterprise activities are classified as liabilities of the enterprise funds. The following is a schedule of long-term liabilities for the year ended June 30, 2008:

General Obligation Bonds	\$ 24,000
Note Payable – Fonzie Trentham	158,387
Wastewater Enterprise Certificated of Participation Loan 2000	918,500
2005 U.S.D.A. Loan	193,791
Water Enterprise Certificates of Participation Loan 2002	<u>1,073,000</u>
Total	<u>\$ 2,367,678</u>

HEBER PUBLIC UTILITY DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2008

NOTE 7. LONG-TERM DEBT (CONTINUED)

General Obligation Bonds

The following is a summary of bond transactions of the Heber Public Utility District for the year ended June 30, 2008:

	1968 Sewer Bonds	1972 Water Bonds	Total
Bonds Payable – July 1, 2007	\$ 12,000	\$ 23,000	\$35,000
Bonds currently retired	<u>(6,000)</u>	<u>(5,000)</u>	<u>(11,000)</u>
Bonds Payable – June 30, 2008	<u>\$ 6,000</u>	<u>\$ 18,000</u>	<u>\$24,000</u>

Both bond issues are general obligation bonds with ad valorem property taxes pledged as security. However, the bonds were used to build infrastructure assets of the water and wastewater enterprise funds. In order to most accurately reflect the nature of the bonds, the liabilities and fund balances associated with these bonds are recorded in these enterprise funds.

Business-Type Activities

- 1968 Sewer Bond – The 1968 sewer system construction serial bonds, totaling \$180,000, were issued on October 30, 1968. Remaining annual principal installments of \$6,000 are due each October 30. Semi-annual interest payments are due on October 30 and April 30 with interest at 4.75%. The unpaid balance at June 30, 2008 was \$6,000.
- 1972 Waterworks Serial Bonds – The 1972 waterworks serial bonds, totaling \$112,000, were issued on January 1, 1972. Annual installments, currently \$5,000, are due each January 1. Annual interest payments are due January 1 with interest at 5.0%. Annual principal payments are scheduled to increase to \$6,000 with the year ending June 30, 2009. The unpaid balance at June 30, 2008 was \$18,000.
- Note Payable Fonzie Trentham – The District issued a note as part of a settlement of a lawsuit brought by Fonzie Trentham. The note, issued in the amount of \$212,500, accrues interest at a rate of 10% beginning February 15, 2002, and is scheduled to be repaid with 180 equal monthly payments of \$2,283.54 with the final payment on February 15, 2017. The note has been recorded in the Water Fund, as it is an obligation arising from the enterprise activities of this fund. The unpaid balance at June 2008 was \$158,387. The current portion of the long-term debt is \$12,107.

HEBER PUBLIC UTILITY DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2008

NOTE 7. LONG-TERM DEBT (Continued)

Business-Type Activities (Continued)

- Installment Sale Agreement – Wastewater Plant expansion Project – Certificates of Participation totaling \$1,008,500 were issued during the year ended June 30, 2001 to retire outstanding certificates of participation totaling \$261,000 and to provide the funds to finance the construction of a new wastewater treatment plant. The certificate of participation, owned by the Rural Utilities Service, an agency of the United States Department of Agriculture, bears a fixed rate of interest of 4.50% and matures in 2040. The principal amount outstanding at June 30, 2008 was \$918,500.
- Installment Sale Agreement – 2002 Water and Sewer System Improvement Project – Certificates of Participation with a principal amount not to exceed \$1,173,000 were issued December 3, 2002. The interest rate is 4.5% and maturing December 1, 2042. The purpose of this agreement is to secure the loan from the USDA RDA. The obligation is secured solely by a pledge of and charge and lien upon the net revenues of the Water Fund. Principal payments are due on December 1 of each year. The principal amount outstanding at June 30, 2008 was \$1,073,000.
- Additional Installment Sale Agreement Loan – 2002 Water and Sewer System Improvement Project – Added Inspection and Contingencies loan with a principal of \$200,000 was issued in May 12, 2005. The interest rate is 4.25% and maturing May 12, 2045. The purpose of this loan was to provide funding to pay additional costs and contingencies from the project. Principle payments are due May 12 of every year. The principle amount outstanding at June 30, 2008 is \$193,791.

Debt Service Requirements

The following tables identify principal and interest payments of the governmental and business activities separately for each of the next five years, and five year increments thereafter.

Year Ended June 30,	Water and Wastewater					
	Bonds		Loans Payable		Certificates of Participation	
	Principal	Interest	Principal	Interest	Principal	Interest

HEBER PUBLIC UTILITY DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2008

NOTE 8. INTERFUND TRANSACTIONS AND BALANCES

Operating transfers are used to (a) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (b) uses unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations, and (c) to move fixed assets constructed between the capital project funds that build them to the enterprise funds that place them service.

Interfund transfers for the year ended June 30, 2008 consisted of the following:

	Transfers Out					Total
	General & Park Fund	Water Wastewater Capacity	Capital Projects Funds	Debt Services	Water, Wastewater And Solid Waste	
Transfers In						
General & Park Fund	\$ 25,000	\$ --	\$ --	\$ --	\$ --	\$ 25,000

Water, Wastewater & Solid Waste	<u>--</u>	<u>28,401</u>	<u>--</u>	<u>--</u>	<u>--</u>	<u>28,401</u>
Total	<u>\$ 353,860</u>	<u>\$ 3,338,466</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$ 321,168</u>	<u>\$ 4,013,494</u>

NOTE 9. EMPLOYEE RETIREMENT PLAN

Plan Description

The District contributes to the California Public Employees' Retirement System (CalPERS), an agent multiple-employer public employee defined benefit pension plan. CalPERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. PERS acts as a common investment and administrative agent for participating public entities within the State of California. Benefit provisions and all other requirements are established by State statute and District ordinance. Copies of PERS' annual financial report may be obtained from their Executive Office – 400 P Street – Sacramento, California 95814.

Funding Policy

Participants are required to contribute 7% of their annual covered salary. The District makes the contributions required of District employees on their behalf and for their account. The District is required to contribute at actuarially determined rates. The contribution requirements of plan members and the District are established and may be amended by CalPERS.

HEBER PUBLIC UTILITY DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2008

NOTE 9. EMPLOYEE RETIREMENT PLAN (Continued)

Annual Pension Cost

For the fiscal year ended June 30, 2008, the District's annual pension cost including employees' contribution was \$37,573 for the Miscellaneous Plan. The actuarial assumptions included (a) 7.75% investment rate of return (net of administrative expenses); (b) projected salary increases that vary by duration of service ranging from 3.25% to 14.45% for miscellaneous members (c) 3.25% payroll growth and (d) inflation of 3%. The actuarial value of assets used for funding purposes is obtained through a technique that smoothes the effect of short-term market value fluctuations on employer contribution rates. The Miscellaneous Plan of the Heber Public Utility District's unfunded actuarial liability was zero as of June 30, 2008.

Three-Year Trend Information for Miscellaneous Plan

Fiscal Year June 30,	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
2006	32,380	100%	--
2007	32,597	100%	--
2008	37,573	100%	--

Required Supplementary Information

Risk Pool Valuation

Effective with the 6/30/2004 valuation, the District's plan was placed in risk pools that were established for plans containing less than 100 active members as of the valuation date. In general, plans satisfying this criterion were lumped into pools based on their benefit formula and membership category.

Funded Status of Miscellaneous Plan

Valuation Date	Entry Age Normal Accrued Liability	Actuarial Value of Assets	Unfunded Liability/ (Excess Assets)	Funded Status	Annual Covered Payroll	UAAL As a % of Payroll
2004	\$434,267,445	\$3,79,807,592	\$54,459,853	87.5%	\$97,227,479	56.0%
2005	579,276,103	500,388,523	78,887,580	86.4%	129,379,492	61.0%
2006	912,988,585	787,758,909	125,229,676	86.3%	200,320,145	62.5%

HEBER PUBLIC UTILITY DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2008

NOTE 10. DEFICIT NET ASSETS AND FUND BALANCES

As of June 30, 2008, the following funds have a deficit:

- The Water Capital Project Fund has a fund deficit of \$335,935.
- The Wastewater Capital Project Fund has a fund deficit of \$71,544.

NOTE 11. RISK MANAGEMENT

The District is exposed to risks of loss in the areas of health care, general and auto liability, property hazards and workers' compensation. All of these risks are handled by purchasing commercial insurance coverage. There have been no significant reductions in the insurance coverage during the year. The District has had no settlements which exceeded insurance coverage in the last three fiscal years.

NOTE 12. COMMITMENTS AND CONTINGENCIES

Grant Program Involvement

Amounts received or receivable from grantor agencies are subject to audit and adjustments by grantor agencies. Such audits could result in requests for reimbursement to grantor agencies for expenditures disallowed under the terms of the grant or in reduction of future grant funds. Heber Public Utility District did not receive or expend any grant monies in this fiscal year.

NOTE 13. PRIOR PERIOD ADJUSTMENTS

A prior period adjustment was recorded to correct the effect of expenses incurred in fiscal year 2005-2006 that were never transferred as an other basis entry to Construction-In-Progress which resulted in the understatement of the total project cost for the 3 MGD treated water reservoir in fiscal year 2007-2008. The adjustment increased fund balance in the governmental activities in the amount of \$44,237.

The beginning balance in the wastewater fund has been restated to correct the overstatement of net assets in the amount of \$10,232. The error occurred during the implementation of the GASB 34 reporting system when the 2000 COPS principal payment was not reclassified into the correct fund.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors
Heber Public Utility District, California

We have audited the general purpose financial statements of the Heber Public Utility District as of and for the year ended June 30, 2008, and have issued our report thereon dated May 29, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Heber Public Utility District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Heber Public Utility District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Heber Public Utility District's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects The Heber Public Utility District's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Heber Public Utility's financial statements that is more than inconsequential will not be prevented or detected by the Heber Public Utility District's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Heber Public Utility District's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did identify deficiencies in internal control over financial reporting that we consider to be material weaknesses and are reported in a separate letter entitled Letter to Governance Regarding Internal Controls dated May 29, 2009.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Heber Public Utility District's general purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that is required to be reported under *Government Auditing Standards*.

This report is intended for the information of the audit committee, management, others within the organization, Board of Director, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
